About This Game

About this game

Highway Blossoms is a short yuri kinetic novel set in the American Southwest. After an old gold rush miner's journal is discovered, supposedly detailing where he hid parts of his stash, a nationwide craze begins as would-be prospectors try to solve its clues and strike it rich.

Amber couldn't care less. Wandering the desert in a recently-inherited motorhome, she mourns the loss of her grandfather - indifferent and unaware of the hunt happening around her. It's not until she meets Marina, a young hitchhiker lost in New Mexico that the girls get swept up in the rush.

Game features

- At least tens of words, maybe even hundreds. Although the last word count puts it around 90,000, so expect 6 or so hours of reading.
- Grand, hand-painted vistas of actual landmarks in the western United States, all in glorious 1080p detail.
- A huge soundtrack featuring the works of Smoke Thief, Jake Abernathie, Able Kirby, and other friends of the team. Sounds right at home on your in-dash cassette tape player.
- Accessibility options for days, including the ability to skip through everything in less than five minutes. But who would wanna do that?
- Achievements, although to be honest, they might be stretching the definition of "achievement."
- Alternate silly content for second readthroughs that was written by the programmer with little to no oversight. This may or may not have been a good idea.

Title: Highway Blossoms
Genre: Casual, Indie
Developer:
Studio Élan, Studio Coattails
Publisher:
Sekai Project
Release Date: 17 Jun, 2016

a09c17d780

Minimum:

Wonderful game! I quite enjoyed this a lot- it pulled with my heart in a lot of ways and was overall very enjoyable and genuine. As someone new to the VN thing, I was kinda glad that the 18+ stuff was optional, as I had no interest in that- and the game does not resort to fan-service either. Lovely story!. Highway Blossoms hits me deep. The characters are so real. They're silly, unbelievable, conflicted, and relatable. Oh my, they are so relatable. Amber's feelings from pancakes to her relationships struck a chord with me so many times. They still stick with me today. These characters have flaws, moments when they're anything less than perfect, and that makes me love this game even more. Against all odds, Highway Blossoms is one of a kind and well worth a read.. I want to kill myself after playing it im so horny and lonely. ah...

This game is good.
Enough said.

Scratch that there is so much more to say because this is a wonderful game and it deserves all of your love and attention.

but I'm tired, so maybe I'll say those things another day. But remember when it comes to this game,

There is never enough said.
